

How to Create a Kamishibai

● Materials Needed

- 1.Kamishibai data files (both pictures and scripts)
- 2.Printer
- 3.Regular printing paper
- 4.Thick paper for mounting (either the same size as the printed paper or slightly larger)

STEP
1

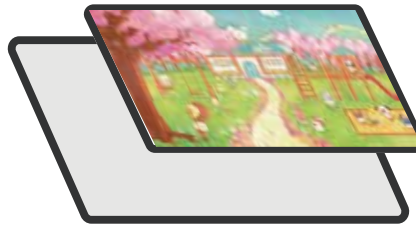

Printing

Download and print the files for the front (pictures) and back (scripts) of the Kamishibai.

STEP
2

Attach the Pictures

Attach the printed pictures one by one to the front side of the thick paper.

STEP
3

Attach the Scripts

Attach the scripts to the back side of the thick paper.

※ When attaching the scripts, place each script on the back corresponding to the picture on the front.

※ For the title card, attach the script for the final scene on the back of the title card.
